

Nominations "Pouring In" . . .

Six Candidates in Running For Sophomore Presidency

Archie* Campbell, permanent secretary of the Students' Union, announced today that nominations for open positions on the executives of the Sophomore and Freshmen classes "are pouring in."

There are six candidates for the position of president of the Sophomore and three candidates for the position of secretary-treasurer. The three executive jobs are being contested by seven students, with nominations not all in.

Nominations for Sophomore and Freshman executives must all be in by Saturday noon. The only Sophomore position filled to date is that of vice-president. Kay Tanner, Arts student, was elected by acclamation.

Although names of candidates are not to be divulged before nominations close, it is apparent that three faculties are contesting the positions. Education, with more than 800 students, is running a complete slate.

In commenting on the influx of candidates, one Council member gave credit to the Gateway for its attack on the "apathy" of the Sophomore class, whose nominations should have been in on Monday, October 13. The nomination closing date was subsequently moved forward to this Saturday.

It was decided, at the same time, to hold the Freshmen elections in conjunction with the Sophomore elections.

For the Freshman class, there is only one candidate for the presidency, one for the vice-presidency, one for the position of secretary-treasurer, and three for the three executive positions. These candidates, who make up one complete slate for the positions open, have been termed as the "football team candidates."

The slate, all from Calgary, is made up of football players with the exception of one girl nominated for the vice-presidency.

Foreign Students Guests of I.R.C. At Supper

The International Relations Club entertained the university's foreign students at an informal supper in St. Joseph's College last night. Dr. F. G. McNally, Chancellor of the University, and a member of the Canadian UNESCO delegation spoke informally to the guests.

The students were introduced to the International Relations Club executive and members and familiarized with its program to create student interest in International Affairs.

Among the guests were: Marcel Goldenberg, Cairo, Egypt; Zdenek Peck, Prague, Czechoslovakia; Jas. Verghiese, Madras, India; Kilburn Urquhart, Kingston, Jamaica; Edward Sherlock, London, England; Denis Gaddy, Kenya; and Ian Dickins, Australia.

Also present were J. Tabor, student of Canadian Marketing, and Mr. L. G. Thomas, Department of History, club advisor.

Business of the meeting included the inauguration of an Advisory Board on Foreign Affairs, composed of the above seven foreign students. The function of this board is to cross-examine IRC speakers following their address, so that students on the campus can see the precise value and exactness of the subject matter. A secondary function of the board is to give a series of addresses on the countries they represent. Students on the campus will clearly see the value of this board, and the opportunity it offers to them, to have first-hand accurate information on foreign countries.

The IRC plans an extensive and interesting program this year, which includes frequent discussion groups, so watch for future notices in these columns.

NFCUS President To Tour Campus

Maurice Sauve of Montreal, president of the National Federation of Canadian University Students, will arrive in Edmonton tonight at 8:15 p.m., and will attend several functions on the University campus.

It was previously reported that Sauve would arrive Thursday, and several events had been planned on his behalf, including a general meeting on the student body.

In a program arranged by Horace Herlihy, NFCUS representative on the Students' Council, Mr. Sauve will tour the University campus and meet executives of various clubs.

An undergraduate law student at the University of Montreal, he is touring Canadian universities and speaking on the work of the NFCUS.

Mr. Sauve will be entertained at a reception sponsored by the Students' Council in Athabasca Hall tonight at 8 p.m. All Council members and presidents of campus clubs have been invited to attend.

U.B.C. Students Crowd Jallopies To Arrive On Time

VANCOUVER, (CUP) — Despite the strike of transit workers in Vancouver, 80 per cent of the University of British Columbia student body is still getting to classes on time.

Travelling by means of jam-packed automobiles and motor cycles, and even by roller-skates, UBC students have shown respect for the University bus barn's picket line. This has resulted in some students having to walk three miles from the University gate.

The registrar of the University previously announced that all students are responsible for their own transportation. It is reported that all instructors are present, despite the tie-up.

McClure Will Talk Of Medical Mission In Wartime China

Dr. Robert "Bob" McClure, M.D., F.R.C.S., F.I.C.S., former medical director of the Friends' Ambulance Unit in China, who is in Edmonton in connection with the "Crusader's Cavalcade," will address a general meeting of students in Convocation Hall, Monday at 11 a.m.

President Robert Newton will introduce the speaker, said to be "one of the most talented, versatile and dynamic missionaries in all China." At present on furlough, Dr. McClure expects to return to North Honan, China, in the near future.

Speaking during the same hour as Dr. McClure will be Miss Ida MacKenzie, field secretary of the Women's Missionary Society. Both speakers are connected with the "Crusader's Cavalcade" of the United Church of Canada.

Two other speakers, Dr. R. G. Agnew, F.I.C.D., also from China, "Bob" McClure

. . . Medical Missionary

and Rev. J. T. Tucker, D.D., from Africa, will address a general meeting of students in Convocation Hall on Wednesday at 4 p.m. Separate meetings of Medical, Dental, Education, Nursing and women students will be announced later.

The speakers are supported jointly by the S.C.M., L.S.A. and the Canterbury Club.

Dr. "Bob" McClure is the son of Dr. William McClure, LL.D., a pioneer missionary in North Honan. Dr. "Bob" was educated at the University of Toronto, where he received his degree in 1922. He was made a F.R.C.S. at Edinburgh, Scotland, in 1931, and after studying radiology in Europe during the summer of 1934, he was the only medical missionary in China treating cancer with radium.

After studying public health in Sweden in 1937, Dr. McClure was loaned by the United Church to the International Field Director in Central China, during the Sino-Japanese conflict. During that time he became well-acquainted with leaders of both the government and Communist forces.

He has been a delegate at such conferences as the International Red Cross conferences and the International Missionary Conference at Madras.

NOTICE

Students are notified that henceforth garbage cans for lunch refuse will be placed in Arts 148 and Med 157. The refuse is to be placed in these receptacles from 12 noon till 1:00 p.m. to assist the janitorial staff in keeping the rooms tidy.

Toronto Varsity Leads Others With 17,000

From the wires of Canadian University Press, reports generally indicate that attendance records have been broken at the majority of universities. This year's top place in number of students registered has been taken by the University of Toronto. The University of British Columbia and McGill University closely contested second place for largest registration in Canadian universities, with the former holding only a few hundred majority. The following are brief registration reports from the various universities.

University of British Columbia

Registration shows trends of returning to normal this year, with a total figure of 8,300 approximately, compared to last year's all-time record of 9,033. The invasion of 5,000 veterans has set a new record.

University of Toronto

Last year's registration of 17,071 is expected to be equalled, with heavier registration in senior years. Veterans are in the minority, with freshmen classes composed mainly of students entering directly from high schools.

McGill University

Reports stated that hundreds of prospective students have been refused admission, as once again this year the maximum capacity of 8,000 have been registered.

University of Saskatchewan

Last year's 4,500 is not expected to be reached. Veteran registration has increased approximately 10% over last year's 56% of total registration.

Queen's University

A record number of 3,134 have been registered, which marks an increase of 100 over last year's total. Last year's proportion of men per girl was 6 to 1. This year it is 5 to 1.

United College

Reports from this source indicate that registration will reach 1,000 approximately, which shows a slight decrease on last year's figure.

Aradia University

A record of 900 has been reached, including 300 veterans. Registration has taken on an international flavor, with students from England, British West Indies, Norway and India, including the usual students from Newfoundland and the United States.

Xavier University

Registration has reached a total of 917 students, which marks an increase of 50 over last year's record.

U.S.A.

More than 2,500,000 men and women have been enrolled in American colleges and universities, marking the highest registration level in the history of the country. This represents a 10% increase over last year's record high, and an increase of 1,000,000 students over the peak pre-war enrollment.

Church Leaders To Visit Campus

Wilber Sutherland, IVCF staff representative in the Prairie Universities, will make his first visit of the term to the Alberta campus this week, arriving Friday, Oct. 24th.

Mr. Sutherland will be present at the regular sessions of the chapter, and will also be free for individual discussions with students who wish to meet with him.

Regular Bible studies are now under way Monday and Tuesday afternoons in A135 at 4:10. A third group will soon be organized, meeting at 2 p.m. Mondays.

This will divide the students into smaller groups, enabling them to choose a convenient time and facilitating discussion. Studies have begun in the Book of Hebrews.

Interested students are invited to a hymn-sing Sunday evening at 9:00, to be held at 11134 90 Ave.

On Tuesday, October 28th, at 6:00 p.m., Mr. Eldon C. Whipple, West Coast Secretary for the China Inland Mission, will be the guest speaker at a supper meeting in the Cafeteria banquet room. Wilber Sutherland will also be present.

Drama Society's "Winterset" Cast in Early Rehearsals

On Nov. 27, 28, and 29 the University Drama Society will present to the Edmonton public the play Winterset, by Maxwell Anderson. The play will be directed by R. Whitehouse, and is the year's major production for the Society.

Members of the cast include: Miriam, played by Donna Cross; Esdras, played by Dave Smith; Judge Gaunt, Jim Linn; Garth, Seymour Adleman; Mio, Dick MacDonald; Hoboe, John Bracco; Piny, Betty Bothwell; First Gangster, Al Edwards; Policeman, John Komanchuk; Lucia, Stan Pethybridge; First Girl, Jo Pilcher; Second Girl, Beth Edwards; Tock, Jim Scott; Carr, Tom Summers; Shadow, Gordon Peacock; Police Sargent, Jack Storey; Herman, Laughlin Taylor; Radical, Bob Eggin; Sailor, Bob O'Brien.

Winterset is one of the very few attempts by a modern playwright to approximate tragedy, and throughout the play Anderson has attempted to reproduce a Shakespearean tone.

Coach Van Vliet

. . . Retirement?

Maury Van Vliet Rumored to Retire As Football Coach

Prof. Maury Van Vliet, director of Physical Education, unofficially announced Tuesday night that he plans to retire as Golden Bear football coach before the 1948 season. Usually reliable sources on the University Athletic Board indicated that Mr. Don Smith, associate professor of physical education and assistant football coach this fall, would assume Van Vliet's vacancy next term.

Van Vliet's retirement is a culmination of overwork and failure of the team to respond to his coaching in recent weeks, it was learned here.

In addition to coaching the ball team he is chairman of the UAB, head of the physical education department, and a Lt.-Col. in the Canadian Officers Training Corps. Dropping the coaching role will give more time to concentrate on other duties, he said.

The American-born coach arrived here in 1945 after a tenure as physical education director at the University of British Columbia. Prior to that he was a four-letter athlete at Oregon State.

In three seasons with the Golden Bear football squad he earned one Hardy Cup and at the moment is in quest of his second western intercollegiate crown with the Alberta team in Saskatoon. UBC Thunderbirds defeated the Bears in the western final in 1945, but when the 'Birds dropped out of the conference last fall Bears won the laurels from Saskatchewan Huskies.

It was mainly his efforts which caused the University Athletic Board to be formed. Through that medium he has concentrated on getting Alberta out of the "athletic backwoods" by playing against American football and basketball teams.

Although no official announcement has been made it is expected that he will again coach the Golden Bear basketball team this winter.

S.C.M. to Hold Second Service

Second of this season's monthly church services, sponsored by the S.C.M., will be held in Convocation Hall, on Sunday at 11 a.m. Rev. Frank Ball will preach on the topic "Second Hand Religion". Miss June Sigsworth will be the soloist, and Prof. L. H. Nichols, organist to the University, will direct music. Students and faculty and their friends, of all denominations, are invited to attend.

Vivien Suey Appointed Chairman

Social Directorate Oversees Entertainment of Visitors

Marriage Lecture By Dean Trendall Proves Popular

Speaking on the topic "I Find a Partner," the first of his series of five lectures on 'Sex, Morals and Marriage', (sponsored by S.C.M.) Dean A. M. Trendall of All Saints Cathedral addressed 120 students in Arts 142 on Tuesday evening. Drawing on his wide experience as a Christian pastor and as a Juvenile Court Judge, the dean pulled no punches as to where he stood on the problems of approaching marriage in a day and age in which two out of five marriages end in divorce.

"We all wish to be up-to-date," he said, "but let us remember that in the area of sex relationships we are dealing with our personalities, and human experience has shown down the ages that certain policies are right and sound, and others are not. You can't play fast and loose with the rules in this game without getting burnt."

Dean Trendall then listed for his listeners six rules which should be considered and adhered to in the choosing of a partner for life: 1—Don't be in a hurry . . . there's lots of time; 2—Don't cheapen yourself; 3—Learn as much as possible about your prospective partner's background; 4—Make a study of your partner's mental and physical health background; 5—Study the habits of your partner . . . "If he doesn't love you enough to change them before he marries you he won't after"; and 6—It is important to come to a mutual decision as to where you are going and what road you are going to travel from the religious point of view.

Due to the response to this opening lecture the remaining lectures of the series will be delivered in Hut B on Tuesdays at 7 p.m.

Veterans' Pay Plans Announced

Student Veterans' are advised that this month's pay parade will be held in two sections. Parade for veterans with names A to L will be held on Oct. 29, from 12:30 to 4:30 p.m. in the foyer of Convocation Hall. For those of names from M to Z the parade will be between the same hours on Oct. 30, in the same place.

Due to limited facilities for the line-up, it is advised that students do not crowd the early part of the parade in order to make the bank by 3 p.m. "Come later in the afternoon if at all possible," it is advised.

Another parade will be held in early November to take care of those whose names are not yet listed. This will apply in the main to all students who wrote supplementals in September and October.

It has been found necessary to hold the parade early in order to make it possible for the students to cash their cheques before the end of the month.

Members interested in part-time employment are requested to complete the necessary forms that are available in the CURMA office. The office is in Room 152 Arts Building, and is open every afternoon.

Remember CURMA'S Third Birthday Party at the Trocadero on Monday, November 3. Come prepared to have a good time. Tickets will be available at the office, commencing Saturday morning, October 25. If you want to reserve a table, phone the Trocadero (21752) and make your own arrangements.

Betty McCaskill At First Concert

The University Music Club will present its first concert on November 2nd at 9 p.m. in Convocation Hall.

Guest artists will be Betty McCaskill, soprano, of Edmonton; and Betty-Jean Hagen, violinist, who at present is studying in Calgary.

This is the first concert of the Sunday night series, given monthly by the Music Club, and promises to be a very interesting program. All members and others interested, are extended a cordial invitation.

Measures to counteract the confusion and lack of planning in scheduling campus entertainment have been taken by the Students' Council.

The Council's decision to remedy the existing condition, due to the large number of organizations on the campus, has resulted in the formation of a Social Directorate under the chairmanship of Vivian Suey, vice-president of the Students' Council.

The Social Directorate, organized by act of the Council and the University Senate, consists of the chairman, two representatives appointed by the University Athletic Board, and one representative each from the Wauneita Society, the Literary and the Musical Association.

It is stipulated, however, that association representatives shall not be executive members of the organizations which they represent, for it is expected that membership of the directorate will be a full time position.

To date, three positions on the Social Directorate have been filled. Besides Vivian Suey, Celia Cockram and Jerry Robinson have been appointed by the U.A.B. The other representatives will be named over the week-end.

The role of the Social Directorate will be to co-ordinate campus entertainment of both students and visiting organizations.

The machinery of the organization, yet to be set up, will require from all campus organizations a schedule of their plans in order to ensure the success of various entertainments.

The Directorate's activities are to be financed by the clubs which it serves, and in the case of visiting athletic teams, the appropriation shall come from the U.A.B. Several members of the Students' Council expressed their approval for the proposed Directorate. "It will serve to unify campus spirit as visitors will be entertained by the campus proper instead of by one organization or small groups of individuals," said Greg Fulton, vice-chairman of the U.A.B.

Vivien Suey, newly-appointed chairman of the Directorate, stated that "it will aid in reducing some of the student apathy which may stem from lack of proper leadership."

Patronesses at the "Witches' War Dance" will be Mrs. L. G. Thomas, Mrs. H. T. Sparby, Miss Constance MacFarlane and Miss Mamie Simpson.

Decorations in the Hallowe'en theme, arranged by Alwyn Scott, will provide "a ghostly atmosphere" for the dance. Corsages will be provided for the men at the door.

Jean Anderson, president of Wauneita, has definitely stated that men are not to buy corsages for the girls. A novelty prize will be offered during the evening for the couple judged "the best Strauss waltzers."

Patronesses at the "Witches' War Dance" will be Mrs. L. G. Thomas, Mrs. H. T. Sparby, Miss Constance MacFarlane and Miss Mamie Simpson.

So-Ed Series at Y.M.C.A. Tuesday

So-Ed, sponsored by the YMCA, will re-commence a series of educational evenings on Tuesday, October 28. The evening classes, which will continue until December 19, are divided into three groups, arts and crafts, lectures and entertainment.

Classes will be held in leathercraft, oil painting, model architecture, modern dancing, photography, public speaking and music.

In the latter part of each So-Ed evening, speakers will address the members of the classes. L. E. Gads, Prof. Robert Orchard of the Fine Arts department, Dr. W. G. Hardy, Prof. A. S. R. Tweedie, and Dr. A. M. R. Young, will speak on such topics as "Science and Medicine," "Canadian Culture," "Citizens in Action," and "When You Marry."

The So-Ed evenings will conclude with a "get-together" time, consisting of entertainment.

Registration for the So-Ed activities can be made from October 23 to 28 from 12 to 1 p.m., and from 5 to 6 p.m. On Saturday, October 25, registration will be accepted from 1 to 5 p.m.

Everyone is welcome to join, and further information can be obtained by phoning 28728.

Panhellenic Banquet Monday

On Monday, October 27, the Panhellenic Society will hold its annual banquet in the main dining room of the Macdonald Hotel at 6:15 p.m.

The active, pledges and alumnae members of the women's fraternities on the campus will be in attendance as well as the alumnae of the fraternities not represented at the University of Alberta who are living in the city at present.

The toast to the University is to be given by Georgina Yule and the reply is to be made by Miss M. Simpson. Betty Ragg will give the toast to Panhellenic with Yvonne Field replying. Helen McGregor will call the roll and Miss M. Patrick has been asked to say the University grace.

Following the banquet a short program will be presented by groups from the various fraternities.

NOTICE

The S.C.M. will hold a Fireside in St. Stephen's College Assembly Hall from 9 to 10:30 p.m. Sunday, October 26. The meeting will feature worship, singing, discussion and refreshments. Students will discuss the topic "Summer Work Camps for Students," and Alberta students who spent their summer at these camps will report on their experiences.

UNIVERSITY ATHLETIC BOARD

The nebulous divinity surrounding the University Athletic Board is exciting a great deal of criticism among sections of the student body. The complaints heard are numerous. Many are ridiculous. But a number are of major importance and call for consideration and/or clarification by the UAB or the Students' Council.

Current complaints are as follows:

- There appears to be discrimination between men's and women's facilities. The girls feel that there is little or no provision for women's athletics in regard to space and time.
- All members are elected regardless of class or faculty. It is conceivable that all students members of the UAB could come from one faculty, or from one pressure group.
- At present sport representatives from the various faculties have no representation on the board. Their wishes must be heard by a member of the UAB, who then presents it to the board. Although sports representatives are allowed to attend meetings, they have no official voice.
- There is objection to the proportion of the athletic budget which is being spent on major sports on the grounds that over four thousand students have paid athletic fees and are getting little in return.
- The appropriation of athletic fees from the Calgary Branch last year left that group with no athletic money whatever.
- The billeting of Montana State Normal football players was far below par. Remarkable one Montana player: "Thanks a lot for the eats, they were swell; but what a dump we are sleeping in! Truman is going to have a lot of work to do in consolidating hemispheric relations after this hotel."

The Gateway is not attempting to establish the validity of these objections in this editorial. It is making them public in the hope that immediate clarification will be forthcoming from the UAB.

BUDGET MEETING

The first general meeting of the Students' Union for the year has been set for November 5 in Convocation Hall. That is the day when Council presents its budget for the year's activities. That is the day the University cancels all eleven o'clock lectures to give students an opportunity to attend the budget meeting.

But most important of all, that is the day when students have an opportunity to best

X-Ray Schedule

IMPORTANT: The mobile X-Ray unit commencing operations on October 23 will be stationed at the Varsity Rink and NOT at the Drill Hall, as previously announced.

SCHEDULE FOR CHEST X-RAY

Faculty of Arts and Science			
B.Sc., M.D.	1st year	28 Oct.	2:00- 3:00 p.m.
	2nd year	3 Nov.	9:00-10:00 a.m.

3rd Year	October 29	3:00- 4:00 p.m.

Faculty of Medicine

1st Year	October 28	To be announced
2nd Year	October 28	11:00-12:00 noon.
3rd Year	October 28	4:00- 5:00 p.m.
4th Year	October 30	4:00- 5:00 p.m.
5th Year	October 29	5:00- 6:00 p.m.

School of Pharmacy

1st Year	November 3	2:00- 3:00 p.m.
2nd Year	November 4	2:00- 3:00 p.m.
3rd Year	November 3	4:00- 5:00 p.m.

criticize the proposals of their Council as covered in the budget. If there are any objections to these proposals, it is the duty of any student holding them to be present and give voice. The usual hindsighted griping will have no effect. Foresighted analysis will.

The Gateway will publish a complete budget on October 31, over a week prior to the meeting. Students should examine the budget carefully and come to the meeting prepared to criticize, if they so wish, or prepared to understand the criticisms of others.

A BOUQUET

... to F. G. Winspear for the interest he takes in university affairs. His most recent assistance took the form of a donation to the I.R.C. in appreciation for that club bringing Dorothy Thompson to Edmonton.

VOTING AND POWDER

Editor, The Gateway.

Sir:
 Your editorial on "political apathy" gives promise of leadership in a nearly leaderless field. As W. Pybus suggests, it seemed once that political maturity could be partly attained here through the channels of a mock parliament. Now this hardly seems possible. Here are the facts:

With limited rights, granted by the 1946-47 Council, the parliament functioned last year so that unhampered political discussion could be enjoyed here. But the drop in student interest after election day told its own story. The student body wanted more than just a chance to play. Two thousand people voted. One hundred attended the first session. The powder in the campus political kegs had been dampened by the Council's refusal to back the move for independent political clubs.

The Political Science Club organization meeting this year shows the powder to be now wet. Less than half of one percent of the student body attended the meeting. There were four Liberals, two Labor Progressives, one Progressive Conservative, and 20 CCF. No Social Creditors were discernible. As a result, we now have a CCF fraternity. But there is limited Liberty and Equality for the other four clubs, now forced to operate under CCF "auspices". The situation reflects to the high credit of the Social Democrats. This body is politically and therefore socially alive. It is building in terms of Canada's tomorrow. But unless it has opposition, its political punches will be wasted. Only a referendum, granting independent political rights will provide the opposition.

GEOFF. WOODHAMS,
 Political Science Club Independent Executives.

LADIES AND LOCKSMITHS

Editor, The Gateway.

Sir:
 There are only two ways to ensure the morality of our co-eds. One is to keep them locked up after dark; the other, to marry them. It is becoming obvious that behind the seemingly innocent exterior of the modern co-ed lurks a depraved mind. So obvious, in fact, that even the arbiters of campus morality have noticed, and have taken appropriate action.

Girls who live in residence are required to sign a book (and to give evidence of purity of thought) before they leave for an evening's entertainment. They must arrive "home" at the prescribed hour to sign in again. Failure to do so re-

sults in varying degrees of confinement to barracks. Thus righteousness is presumably insured. Besides protecting our maidens from a fate worse than death, this little regulation proves satisfactorily that the female sex is still the weaker both in mental and moral fibre, for the men in the residences are subject to no such indignity.

There are two main difficulties with the lock-up law. In the first place, it fails to exert pressure on a large body of the campus girls. These unfortunates are condemned to degenerate to the same level of iniquity as that vast cess-pool of vice which is composed of non-university girls. In the second place, even the girls who are affected by the rule have some time in which to indulge their base desires. I suggest, therefore, that numerous old women be engaged to accompany the girls at all times when they are not in bed alone behind locked doors.

E. W. KEMP.

SUH!

Editor, The Gateway.

Dear Sir:
 Being from the southeast, I'd like to know a bit more about the habits and customs out here.

(1) At dances why do couples walk around in circles after a selection has been played? They get plenty of exercise walking around during the music. Surely they don't have to supplement more during the interval.

(b) At a "Formal Dance" do the men also dress formal, or is it merely the women? Note that I am not referring to semi-formals.

Notices

PEACE RIVER STUDENTS

There will be a Peace River Dance at the Acacia Hall, 10433 83rd Ave., on October 30, at 8:45 p.m. Everyone from the Peace River country is welcome.

Naval Officers

The Edmonton ex-Naval Officers' Club would like to obtain the names, addresses and phone numbers of all former naval officers attending the University of Alberta, for the purpose of contacting the students regarding the club's activities.

All those interested are asked to leave the required information at The Gateway office, Room 26, Athabasca Hall, as soon as possible.

NFCUS

Maurice Sauve, national president of NFCUS, will address a general meeting of Alberta students in one of the Med amphitheatres on Friday, October 24, at 4 p.m.

ATTENTION, SPANISH STUDENTS

Would those who have completed Spanish 2 and are interested in a further study group of one or two hours a week, please get in touch with George Camp, 324 St. Joe's College, or Phone 32960.

YOUNG MARRIED WOMEN'S CLUB

The regular weekly meeting of the above club will be held in the club rooms of the Y.W.C.A. on Thursday, at 2:30 p.m. Everyone welcome.

 All others Nov. 18

Photographers:

Goertz, Phone 25766.
 McDermid's Phone 25444 or 26777.

(c) Do co-eds always "hog" the mail line—giving one girl in the line about ten names for mail of those not in the line, while the rest who have been patiently waiting are detained still longer?

(d) Does Friday's Gateway always come out on Saturday?
 An answer to these would be greatly appreciated.
 PERPLEXED.

Editor's Note:

- Who knows what may turn up on a stroll?
- Formal clothing for men has been so scarce in the West for some time that the connotation of the word "Formal" has undergone a slight expansion.
- It is not the policy of The Gateway to draw the general from the particular.
- Assistance on the circulation staff of The Gateway would be greatly appreciated. To date The Gateway has appeared late on the day scheduled—but still on that day.

New Equipment Arrives For University Dental Clinic

Now Open Under New Management

Tuck Shop Cleaning & Pressing

LADIES' and GENTS' WEAR

If your teeth ache the news is wonderful. After a long wait, a large order of new equipment has arrived for installation in the dental clinic.

The new equipment, of the most modern pattern, includes fifty Riter dental chairs, three new X-ray machines, sixty motor units and a new instrument cabinet for each dental student, have been installed temporarily in the present clinic, pending opening of the new wing of the medical building. A portion of the medical building has been renovated to provide increased laboratory space.

Because of the large increase in enrolment in the Faculty of Dentistry, the equipment was badly needed to provide laboratory and clinic facilities for the new students.

At present the Dent students are often restricted to working on each other for clinical experience, due to a shortage of patients. While they insist they are not afraid to submit to each other's ministrations, much valuable time is wasted. With the new equipment they will be able to provide dental service for voluntary patients at rates as low as the cost of material will permit.

TOBACCO

Tobacco is a dirty weed, I like it. It satisfies no normal need, I like it. It makes you thin, it makes you lean, it takes the hair right off your head, it's the worst damn stuff I've ever seen. I like it. —The Gateway, U. of Omaha.

Quaecumque Vera

By Finlay Mackenzie

The translation of that Latin tag runs "Whatsoever things are true," and our purpose here, believe it or not, is to search for those things which are true. How is it, then, that our purpose has become so confused and the search has bogged down so badly?

At first glance the science students seem to be on the right track. They have discovered an accurate and dependable method of arriving at the truth. They put the plant or bug or whatever they are studying under a microscope and find out just what makes it tick. They develop theories about its processes of change and evolution and test their theories against the facts. They get at the truth. It's a magnificent method as far as it goes, but it doesn't go very far. Never do they learn to use it in studying the broader and more fundamental problems of human life. In the fields of physics, chemistry and even biology, our scientists are expert and dependable guides, but get them outside of their laboratories and face them with the vital questions in the fields of morality, politics, history, or art, and they can be as ignorant, unscientific and helpless as babes in the wood.

In the Humanities we do spend our time studying the broader and more fundamental aspects of human behavior, but never are we provided with an accurate and dependable method of arriving at the truth. Subjects which should be scientific investigations of human society are presented as a welter of conflicting opinions, each apparently as good as the other, and the opinion which we are likely to accept is the one couched in the prettiest language, not the one which through scientific investigation has arrived closest to the truth. Altogether, we are stuffed with masses of unrelated facts, arbitrary opinions and half-baked theories. We acquire Culture, Taste and the Balanced Outlook, but the search for "Whatsoever Things are True" never gets a mention.

Where, then, do we stand? In Science we have found an effective method but restrict its application to a very narrow field. In the Humanities we broaden our scope but lack an effective method. Obviously we must break down this artificial barrier which separates the Scientist from the Humanist, which makes one an unthinking technician and the other a flabby-minded idealist. We must extend the use of the scientific method over the whole field of human knowledge. Only when we recognize the existence of objective truth and use our intelligence scientifically to discover that truth, can we effectively solve our problems.

Regarding Legs

I wonder with what spiteful whim Did Mother Nature make a limb —for women. Did she think that the ones that bow Could be disguised so's not to show —on women. Oh why, oh why, dear Nature, please, Didst thou put knobs upon the knees —of women. And tell me, truly, was it fun To make the calf and ankle one —on women. Thou hadst a reason, I've no doubt, To make the toes turn in or out —on women. When the future models are designed I hope we get the Varga kind —of women.

Behind The Gatepost

.... with Dick Sherbanuk

THERE'S ALWAYS THE LAUNDRY: Dorothy Thompson, whom Hitler ordered out of pre-war Germany for writing the truth; who is internationally famous as a columnist, commentator and lecturer; who first revealed the horrors of concentration camps, is, after all, still a woman—the first thing she did when she arrived in Pembina last Sunday was wash a week's laundry. Having been on tour for about two weeks, she hadn't had time to have it done professionally.

The average fertile topsoil has a thickness of about seven inches.

A fathom, used as a unit of measurement, in sea depth, is six feet.

Speaking of professional services, Miss Thompson received \$1,000 for hers—by no means a "lost" weekend. The Students' Union may lose a few dollars . . . although total expenditures have not yet been tallied. But a minor loss is worth bringing such luminaries to U. of A. in future.

Hopes are high in the Union-sponsored International Relations Club that Eleanor Roosevelt may be brought here some time this session.

BIG TIME RADIO

Indications are that the four western universities will be drawn closer together than ever before if blueprints for WURF (Western University Radio Federation) turn out as drafted. Radio Director Jack Craine leaves for a Saskatoon conference this weekend.

Already a distinct possibility is a four-province hook-up on the western CBC line for the Nov. 1 Huskies-Golden Bears football game.

Exchange recordings among the four western universities, and the proposed slick-paper monthly WURF publication containing radio news from each campus, will help unify the western U bloc—something that's been needed for a long time.

Here at Alberta there arises the opportunity to bring university highlights to radio listeners all over the northern and central parts of the province.

CKUA has stated that we may have as much air time as we can handle, and the formation of a Radio Club may make that a considerable number of hours per week.

About 50 interested students attended the inaugural meeting of the club on Wednesday night. They were interested in all fields of radio—technical, drama, announcing, writing, etc.

Director Craine, who was with CJOC, Lethbridge, for two years, spoke for a full hour and one-half to the meeting . . . general consensus of opinions from those who attended indicate that the Students' Council made a good choice for campus radio head.

Though the future is bright for students' radio, there is one possible crimp in the set-up. At present, the studio which has just been completed in Hut H is under the control of the Department of Extension. More student participation in the control of that studio may become necessary for unhampered growth of what promises to be a big thing.

Every Student Needs these Famous

DIXON PENCILS

Everywhere a pencil is needed, students will find that one or all of these three time- and quality-tested Dixon Pencils, will do a truly satisfactory job.

"TICONDEROGA"

The fast, smooth writing pencil—easy on the hand, no push, no effort. Makes clean, definite marks. Rubber eraser in strong metal ferrule with double yellow bands. 8 degrees from 2B to 4H.

"ELDORADO"

The master drawing pencil, made with Typhontite leads. The first choice of artists, engineers, and draftsmen everywhere. Makes sharp, crisp, even lines, every time—without crumbling. Made in 17 degrees from 6B to 9H.

"THINEX"

Here are colored pencils that really sharpen up. Thin leads of smooth, even texture and surprising strength, with points that stand up. Made in 24 permanent moisture-proof pastel shades.

Time Out

with DICK BEDDOES

(Editor's Note: This stint was written for The Gateway of October 21, but had to be held over due to a shortage of space on the sports page.)

Dillon's State Normal Bulldogs from the sweet grass plains of Montana were in a sod-pawin' horn-tossin' mood last Saturday p.m. . . and that was sufficient to avenge the 26-0 whipping their Yankee cousins from Butte absorbed a week ago.

For the Bulldogs were a hustling ball club, comprised of kids who were filled with a nervous aliveness. They would just as soon have hiked up into the B section to bash somebody's teeth in if it would have meant getting on with the game. And because they knew the fundamentals of the American rule code, they won the game strictly on their merits.

The teeth in the Bulldog jaw were sharpened by Assistant Coach **Royal Morrison**, a young man full of blair and gabble, who earned his letter on Okinawa. He, more than Coach **Bill Straugh**, had the Teachers outthrusting Alberta.

But what about the Bears? They're the home team . . the guys everyone condemns along the Campus Coffee Row.

You can't deny that the Bear lacked growl . . and from the stands the team didn't appear to be driving with both feet. The Bears weren't jubilant on the bench like Montana . . the enthusiasm which fires mediocre teams to victory was absent.

In the final analysis, what's responsible for the Bears' morale? I think they have a losing complex, developed through a pair of losses at the hands of Toronto and Calgary. They might have lost that complex had they been accustomed to the American rules . . but it piled up, instead of diminishing, when they were hurried into mastering a foreign system.

A man just isn't a fighting ball player when he's bewildered about what is going to happen next.

FROM THE HORSE'S MOUTH

The boys from Typewriter Alley had a bone to pick with the UAB this week. Seems like the constitution for the Athletic Board calls for a publicity manager. But in this year when Alberta had hoped to get out of the athletic backwoods no such appointment was made.

So the nswappers and radio stations were shy on much information concerning visiting . . and, on occasion . . the home team. In fact, we received more publicity releases from Toronto than we did from Alberta prior to the Royal Blue game.

The publicity sources have covered the Bears well . . have done their share to swell the gate to what has been a spotty football season to date.

THREE DOT STUFF

Mickey Hajash tramps to the altar on November 1. When he skipped out of the Grande Prairie hinterlands for Homecoming his football mates of last year kicked through

with a silver tray for the Hajash household.

Pat Doyle, Med soccer player, suffered a broken angle in a game on Tuesday.

The University of Alberta, anxious to foster football outside the college so that the Bears will have a feeder system, have donated a cup to the Calgary Junior Football League. The hardware will be awarded annually to the griddler scoring the most points, and was won this fall by Freddy Wilmot of the West End Tornados.

A Pigskin Slate has raised its head in the Frosh elections. No less than five football Bears—Jeep Hall, Harry Irving, Pete Loughheed, Bud Milner and Bill Keir—have turned executive . . . hoping the voters will be busier than Admiral Byrd at the polls to give them a landslide majority.

Bernice Moore, third year Arts and Science fem, has been appointed manager of the Women's Interfac Volleyball League by the powers that be.

ON THE ROAD TO SASKATOON . .

... WHERE THE SNARLING HUSKIES PLAY

When Jim Wood leads the Alberta cheering section in Saskatoon tomorrow the four lovelies above will lend emphasis to "Varsity, Varsity, Rah, rah, rah!" From left to right they are **JOAN ARNOLD, NORMA HOWARD, HELEN LILLY, and ELAINE BROWN.**

From the Mailbag . .

"Cheat Friends?" "No" Says McLaws

Sports Editor, The Gateway.

Dear Sir:

The letter published in The Gateway on October 21 by "A Spectator" containing certain underhanded reflections on my character and that of my team-mates necessitates an immediate reply and refutation.

Re Complaint No. 1: In this connection I am in complete agreement. The position which I was in as participant and director of matches was unfortunate. However, every consideration was certainly given to the visiting team with respect to time and rest periods. A non-playing manager should be in charge of each team.

Re Complaint No. 2: This anonymous writers says, "If there was a schedule the opposing players did not see it. The players did not know whom their opponents were to be until the last minute." In the first place, there was a complete schedule for each day's play: singles on October 10 and doubles matches on October 11. In the second instance, each and every player was told in the mornings at 9 a.m. when and whom they were to play that day. Furthermore, the manager of the Manitoba team and a leading player on Saskatchewan's team (no manager) were each informed and told to have the playing members present and ready at the appointed times.

About Refereeing

Re Complaint No. 3: With respect to refereeing, my friend has an observation of some merit, but is totally unaware of the circumstances involved. Firstly, for proper refereeing it is necessary to have elevated stands from which the play might be accurately controlled. There were none available to us in Edmonton. After consultation with the visiting representatives it was decided that no referee would be better than one unable to judge the play accurately. The universal sportsmanship of the game was therefore relief upon.

It can only be said with respect to (a) that Bob Fuller and myself were totally unaware of the error; and I do deeply regret the same if such was truly the case.

If this anonymous writer believes, as strongly suggested in the latter part of his letter, that Alberta's men's doubles team became winners unjustifiably and in false fashion, then we hotly deny it. Both teams called the shots as they were seen and no more was asked. We seriously question the writer's second observation in that on such a point as described we lost and conceded a very important game necessitating an uphill climb to win out. These charges are very serious, since they infer that we deliberately cheated our very good friends from Saskatchewan of possible wins, and also jeopardized the good Varsity name. They are unjust.

Yours truly,
J. G. McLAWS.

Church Appointed Publicity Agent

Albert J. Church, third year Agriculture student, has received the appointment as Publicity Manager of the University Athletic Board. He will hold the position until Christmas, and will be placed on a permanent basis after that at the discretion of the UAB.

His duties are expected to commence immediately.

K. M. HENRY OPTOMETRIST

10345 Jasper Ave. Phone 22342

Christmas Trip to Kootenays

Campus Hockey Moguls Plan Extensive 1947-48 Campaign

The promise of a banner hockey season is in the offing, according to reports from Clare Liden, president of the gutta percha organization. Senior workouts are held every Monday and Friday in the City Arena from 6:00 to 7:00 p.m., with Coach Shorts Purcell cracking the whip.

The Varsity team is entered in the Central Alberta Hockey League, which includes Camrose Maroons, Wetaskiwin Canadians, Waterloo Motors, and R.C.A.F. November 15 is the tentative date for league play to commence.

Present plans call for the collegians to swing into the Kootenay area of B.C. during the Christmas recess. In addition, there is possibility of a jaunt to Colorado and Toronto some time during the regular season. The Bears will also defend the Halpenny Trophy against Saskatchewan and Manitoba next February.

And on the interfac front the Varsity Hockey League is in the making. Dick Beddoes is president of the new league, and will discuss plans for the season with the faculty sports reps at a meeting next week. At this writing, Beddoes hoped to have the campus circuit operating on or before December 1.

Three Golfers Remain in Hunt For Broadfoot Cup

Campus golfers are still bursting par even on these short fall afternoons and at press time a trio of men were left in the running for the Broadfoot Trophy. The trio—Cam Sadtler, Jim Whitelaw, and Lem Barnes—expect to wind up the match play this week-end.

Whitelaw advanced to the finals yesterday with a victory over Bob Freeborn, while Sadtler and Barnes hook up in a semifinal duel to decide the other final berth.

Complete results follow:

First Round

J. W. Hustler def G. Watts; Cam Sadtler def Alec Mair; Lem Barnes def Don Noble; Ira Young def Gordon Gore-Hickman; H. S. Millar def J. R. Henderson; Jim Whitelaw def T. Alexander; S. Kowalchuk def E. Lomas; Bob Freeborn def Bill Sande.

Second Round

Sadtler def Hustler; Barnes def Young; Whitelaw def Millar; Freeborn def Kowalchuk.

Third Round

Whitelaw def Freeborn; Sadtler and Barnes yet to play.

Hardy Cup at Stake as . .

Golden Bear Gridders Leave For Game in Saskatchewan

Griffiths Stadium, Saskatoon, provides the setting for the Hardy Cup series tomorrow afternoon. And as this is read, Alberta's Golden Bears are speeding eastward to keep an engagement with the Huskies of Saskatchewan. The second game of the total-points-to-count series shifts to Clarke Stadium, Edmonton, on November 1.

Varsity Curlers Start November 3 At Granite Rink

The Varsity Curling Club is all set for the 1947-48 season. That was the word received last night from Gordon McLaws, secretary of the besom an' stane organization. He went on to say that November 3 was the tentative date set for the official opening at the Granite Rink.

Bert Little, executive member of the club, has drawn up 50-odd rinks to accommodate 210 curlers. No less than 13 ladies have joined the curling fraternity this winter, according to McLaws.

As yet no policy has been drafted re the selection of the rinks to represent Alberta in the second annual Varsity Brier, to be staged in Manitoba on February 27 and 28. This problem will be ironed out at a meeting of the skips before Christmas.

Members are asked to watch the notice boards for further meetings and the regular draw.

TRACK NOTICE

Members of the Intervarsity track and field team are asked to meet in the Drill Hall on Tuesday, October 23, at 5:00 p.m. The Evergreen and Gold yearbook pictures will be taken at that time.

The Albertans are defending the Hardy Cup, emblematic of western intercollegiate rugby laurels, and Coach Maury Van Vliet has selected a party of 25 to meet the Huskie challenge. Making the trip are ends Bob Causgrove, Ken Cox, Bud Milner, Leon Plotkins, Jim Hole; tackles Barney Adair, Rae Sutherland, Don Aikenhead; guards Jack Perry, Jack Allen, Bill Kier, Alex Romaniuk; centres Ken Torrance, Bill Laurens; halfbacks Harry Irving, Pete Loughheed, Rory Calhoun, Jim MacRae, Gord Retallack; flying wings Jeep Hall, Murray Smith; quarterbacks Bill Ingram, Harry Duguid; and fullbacks Ken Moore and Steve Mendryk.

In addition, Assistant Coach Don Smith, trainer John D. Raragosky, equipment manager Al Batcheller, and team manager Al Cawsey are in the Golden Bear brigade.

Huskies Winless

The Bears are carrying a record of one game won and three lost into Saturday's tilt. Coach Jack Lawrence of Saskatchewan will send a winless ball club against the Van Vliets—the Huskies having absorbed 41-0 and 65-0 at the hands of Toronto's Royal Blues; 22-6 and 7-0 drubbings by the Saskatoon Hilltop Juniors; and 35-5 and 28-0 shalackings from Calgary Stampeders.

The Green and White Huskie line will average 182 pounds as against Alberta's 176, and the Saskatchewan backs scale 171 as against the Golden Bear 165. Wayne Hanna, a 281-pound guard, is expected to plug a lot of gaps in the Huskie defense.

Today the Goldies were heavy favorites to sweep the series. Coach Van Vliet expects them to be a much improved team under Canadian rules and critics felt the morale had been higher in recent workouts than it has been all season.

Consider Securing Financial Aid for Athletes

University Athletic Board Cracks Down, Places Merluk-Dockery Cases on Docket

In one fell swoop the UAB dug its teeth into a pair of ticklish hockey problems this week. It concerns players performing with teams outside of University ranks, and the persons concerned at the moment are Stephen "Bing" Merluk and William Q. "Wingy" Dockery.

A clause in the Athletic Board constitution states "that no student shall represent in athletics any association outside the University, during the academic year, without special permission from the University Athletic Board." It further goes on to say that the Board shall mete out such punishment as it deems fitting if the rule is violated.

Merluk, a freshman in engineering, has signed with the Edmonton Flyers of the W.C.H.L., while Dockery has been offered a substantial sum to line up with the junior Wetaskiwin Canadians.

Upon the advice of Dr. W. G. Hardy of the International Ice Hockey Association, and past president of the Canadian Amateur Hockey Association, Merluk has been informed that they are considering his case.

Hallowe'en Party For Outdoor Club

John Silbey, social convener of the Outdoor Club, announced this morning that the first activity of the winter season for members will be a mammoth hayride and Hallowe'en party. The tentative date for the jamboree is October 31.

The hayrack hike will tour the city and wind up at the Outdoor Cabin. Tickets can be secured from any of the Outdoor Club officials for twenty-five cents to cover refreshment expenses.

Bill Dockery

Dockery has expressed a desire to play with Shorts Purcell's Varsity team this winter, but needs the \$700 being offered by the Wetaskiwin club. Knowledge of Wingy's necessity has prompted Dr. P. S. Warren, faculty representative on the UAB, to investigate the possibility of the University helping him in the form of an academic scholarship.

Originally Dockery entered college on an IODE scholarship, and is now in his third year engineering.

At the regular meeting of the UAB, the members—Prof. Maury Van Vliet, Dr. Warren, Jean McLaws, Tim Tyler and Greg Fulton—felt that Dockery could be made happy with the Bears again this winter, but that Merluk's signature on a Flyer contract was a horse of another color.

U.A.B. RINK COMMITTEE

The University Athletic Board enacted legislation setting up a Rink Committee yesterday. The chairman of the committee is Dr. R. L. Rutherford of the Geology department.

Secretary of the 1947 governors of the rink will be the rink manager, and that position has not, as yet, been filled. Other members on the five-man board are Archie Campbell, Students' Union secretary, Mr. W. D. Smith of the Physical Education department, and Clare "Swede" Liden, president of hockey.

THEATRE DIRECTORY

FAMOUS PLAYERS
